TI 2.0 APPLICATION ASSISTANCE

Application Documents Review and Feedback

TI 2.0 applicants that request document review via the [Provider Interest Form](#) by 8/30/2023 can receive feedback on their application documents prior to the application deadline. This is a first-come, first-serve opportunity for providers to confirm documentation meets requirements. Applicants that do not request the assistance or drag their feet in submitting initial documents for review will not benefit from this process, and their application will be denied without recourse if all criteria are not met.

Preparing for the TI 2.0 Application

- 1) Complete the TI 2.0 [Provider Interest Form](#).
- 2) [Review TI 2.0 Eligibility Requirements](#) and prepare required documentation that includes all of the minimum required elements.
- 3) Confirm that clinics under your organization’s TIN will meet the updated EHR requirement.
- 4) Confirm that you have an [AHCCCS Online Account](#) and identify your organization’s Master Account Holder.
- 5) Use the [AHCCCS Provider Enrollment Portal \(APEP\)](#) to confirm all facilities and 01-group billers are accurately enrolled with AHCCCS, including: effective dates, and services addresses, and TIN affiliation for active and recently terminated clinics.*

***PCP Applicants must:**

- 1) use [APEP](#) to confirm all MDs, DOs, NPs, and PAs are accurately enrolled with AHCCCS, including: effective dates, service addresses, TIN affiliation, and provider specialty for active and recently terminated providers, and
- 2) confirm contracted Health Plans have accurate provider information. **Members assigned to PCPs not actively working at a TI-participating location will not be counted for payment.**

TI 2.0 Application Portal Live Demonstration

AHCCCS will demonstrate the process of submitting the application via TI 2.0 application portal during both of the September TI 2.0 Information Sessions. Resources with instructions, including a recording of the demonstration and information session, will be published by September 1, 2023. If applicants experience technical difficulties with the application portal there is an opportunity to request assistance via the [Provider Interest Form](#) by September 25, 2023.

TI 2.0 APPLICATION PORTAL AVAILABLE SEPTEMBER 1ST

The AHCCCS Online TI 2.0 Application Portal will be available September 1st through September 30th. All TI 2.0 application documents and attestations must be submitted by 5 p.m. (AZ/MST). Late and incomplete submissions will be denied.

The TI team will demonstrate the application submission process during the Information Session at noon September 8th. Register [here](#).

AHCCCS 77 and IC ENROLLMENT MORATORIUM

AHCCCS has placed a moratorium on enrolling new Behavioral Health Outpatient Clinics and Integrated Clinics. AHCCCS encourages clinics that qualify for an exemption to [submit a request](#), but enrollment will not occur prior to the TI 2.0 application deadline. All affected providers that intend to submit a TI 2.0 application for this location must inform the TI team at targetedinvestments@azahcccs.gov.

TI 1.0 YEAR 6

Year 6 Payment

Year 6 of the Targeted Investments program ended on 9/30/2022. AHCCCS and ASU continue to finalize performance measure target attainment calculations that will drive payment.

Year 6 final performance results will be finalized and communicated to participants this Fall. Participants can expect Year 6 payment by December 31, 2023.

Have You Communicated Year 6 Organization Changes?

Has your organization undergone any changes since Year 6? This may impact your TI incentive payment and TI 2.0 eligibility! TI participants are responsible for clearly communicating changes in participating sites and updating AHCCCS Provider Enrollment for the group, facility, and non-facility provider IDs via APEP as well as updating contracted AHCCCS Health Plans. This includes, but is not limited to, situations where the participating organization:

- Relocated or moved to another service address,
- Closed a TI Participating site,
- Merged with other organizations,
- Changed TI participation status,

- Changed provider type, or
- Changed service provider IDs.

Please note that Health Plans and AHCCCS do not notify each other of any changes, so changes must be communicated to both. PCP participants, in particular, must ensure Health Plans have an accurate listing of current non-facility providers and their service locations. To ensure your changes do not interfere with timely receipt of your incentive payments, participants must do the following:

- 1) Confirm or update the [AHCCCS Provider Enrollment Portal \(APEP\)](#) to reflect the correct service address, including the suite number when applicable, **AND**
- 2) Notify your contracted Health Plans of any changes, **AND**
- 3) Notify the Targeted Investments team of changes by completing this [“Report A Change”](#) Google form.

CONTEXTURE ASSISTANCE

[Contexture](#), formerly Health Current has joined with Colorado's CORHIO to form a new regional health information exchange organization. Technical assistance from Contexture is available to provide TI participants with technical assistance on data use and exchange. This includes strategies for making effective use of incoming data, such as using health information technology and securely sharing clinical data in order to improve care coordination, identifying and managing patient populations, and developing high risk patient registries. Contact your Contexture account manager or GetConnected@contexture.org for assistance.
